

Epilepsy in Women

By Timothy R. Betts, Harriet Clarke

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Epilepsy in Women, Timothy R. Betts, Harriet Clarke, Women with epilepsy have different needs to men with epilepsy, especially at various stages in their life cycle. Epilepsy and its treatment can affect or compromise the menstrual cycle, contraception, fertility and pregnancy, child development in the womb, child care and the menopause. Conversely the menstrual cycle, contraception, pregnancy and the menopause can all affect epilepsy and its management. Epilepsy in Women: The Facts adopts the female perspective and describes in detail the special problems that epilepsy can cause. It offers information and practical advice on the symptoms, diagnosis and management of the different types of epilepsy, providing an invaluable resource that will empower women with the knowledge that they need to take control of their health and to cope with their condition. The book contains numerous case histories, which provide surprising insights into the experiences of women with epilepsy, and 'Myths' and 'Facts' boxes which help the reader sort the valuable information from the misleading.

Reviews

Most of these publication is the perfect ebook accessible. It is amongst the most awesome publication i have got read through. You wont truly feel monotony at whenever you want of the time (that's what catalogs are for regarding in the event you request me).

-- **Prof. Edgar Kshlerin**

It is easy in study safer to comprehend. It can be writter in basic phrases and never confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.
