Factors that May Limit Other States Ability to Adopt Hawaii's Methods Hawaii is a unique State in many respects: its climate, geography, generally low unemployment rate, recent tradition of budget surpluses, and history, including its tradition of comprehensive, employment-based health care. For example, Hawaii's tourist-oriented businesses subject to the State's mandatory employment-based coverage are likely to find it difficult to move to another State with more favorable health insurance laws. Hawaii received a special exemption from the Federal Employee Retirement Income Security Act (ERISA) of 1974, which passed a few months after Hawaii's 1974 act passed; thus, Hawaii's employment-based coverage act 2 may only work for Hawaii. The State of Hawaii lacks the kind of health services research that would permit researchers to analyze with confidence the impact of Hawaii's legislative efforts on patients, health care providers, and businesses, and help to separate the impact of Hawaii's insurance system from its other features. For example, whether...

Reviews

The publication is fantastic and great. It really is basic but shocks from the 50 percent from the ebook. Its been written in an remarkably easy way in fact it is only soon after i finished reading this ebook in which really changed me, alter the way in my opinion.
