GENETIC DIVERSITY AND HUMAN BEHAVIOR

Aldine Transaction. Paperback. Book Condition: New. Paperback. 321 pages. Dimensions: 9.9in. x 7.1in. x 0.8in. Genetic differences in humans, like those between individuals of any animal or plant species and those between species, are all products of the evolutionary development of the living world. These differences, with their behavioral consequences, can only be understood in the light of evolution. Our understanding of evolution, however, has itself evolved. The Darwin-Wallace theory of evolution appeared in the nineteenth century. Since...
