

Midges in Scotland (5th)

By George Hendry

Birlinn General. Paperback. Book Condition: new. BRAND NEW, Midges in Scotland (5th), George Hendry, The first edition of this book rapidly topped the list of bestsellers and has continued to sell well, turning up in places as far away as German schlosses, Brisbane bedsides and Canadian log cabins! This latest edition brings the story of biting midges up to date with new material on the Highland midge, its biology and why it bites. Written in a highly readable but informed way, it describes how and why the midge plays such a dominant role in the ecology and human culture of the Highlands, not least in keeping the worst of human depredations under control. Armed with this book, you should be able to enjoy the splendours of the Highland summer without quite so many bites! Illustrated with cartoons by BAX.

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
