THE SCIENCE OF RACISM: AND EVERYTHING ELSE THE PROGRESSIVE LEFT DOESN'T WANT YOU TO KNOW, INCLUDING, EXPOSING LIBERAL LIES AND DISPELLING AFROCENTRIC MYTHS (PAPERBACK)

Outskirts Press, United States, 2012. Paperback. Book Condition: New. 251 x 175 mm. Language: English . Brand New Book ***** Print on Demand *****.Basically a primer for the truth, The Science of Racism and Everything Else the Progressive Left Doesn't Want You to Know is a thought - provoking and engaging text that challenges the prevailing dogma of the P.C. crowd. Utilizing facts, figures, historical and empirical evidence, even a little humor The Science of Racism sets the current liberal orthodoxy of the left on its collective head and yet still manages to be a very entertaining read. Divided into three parts - When Science Caught Up to the KKK - Exposing Liberal Lies and Disspelling Afrocentric Myths - and The Problem with Evolution, New Age Religion, the Seven Seals and Other Thoughts - The Science of Racism is a must read for anyone interested in biological science/anthropology, social/ethnic and racial studies or just the plain old entertaining truth. Short and sweet and to the point it presents an argument from a seldom heard point of view. an unapologetic white guy! and it's inexpensive to boot, enjoy.
